

**Production/Technology PR Report No.140**

**1. Outline of Firm**

Name of Firm	Japan Multi CO., LTD.		Name of Representative	Kazuo Furuse, Representative Chairman			
			Person in Charge	Tetsuo Machida, Representative President			
Activities	Design and Manufacture of multilayer printed wiring boards		U R L	<a href="http://www.j-multi.co.jp">http://www.j-multi.co.jp</a>			
Main Products	High-density and multilayer wiring boards, Environment compliance wiring boards, Flexible wiring board, Parts implementation board						
Address	2685-1, Ishikawacho, Hachioji City						
Tel. Number	042-643-6107		FAX Number	042-648-8661			
Capital (M yen)	30	Founded in	Dec. 1987	Sales (M yen)	579	Employees	57

**2. PR Items**

**"Laminating printed wiring circuit and supporting development of printed circuit"**

**<1> Board laminating process**

Vacuum laminate pressing machine

**<2> Contract Design of Board**

- high-speed high density board  
PC server of 8 way or more  
Boards of 30,000 or more pins
- power supply of high frequency and 6GHz or more
- packages of BGA, CSP, etc.

**<3> Manufacture of boards**

- Zo control
- High Tg wiring board
- Radiating wiring board
- Halogen-free
- Lead-free
- Flexible board
- \*Compliance up to mplementation of parts

**<4> Dispatching Temporary Staff**

We have high technological ability and records in the information and communication equipment fields, and have dispatched a number of excellent temporary staffs.

Clean Room indispensable for high quality

High-density multilayer board

Design of high-speed circuit board

### 3. Remarks

As a printed wiring board design tool, we use Allegro of Cadence Co., Ltd. widely used in the world as a printed wiring board.
