

Production/Technology PR Report No.195**1. Outline of Firm**

| | | | | | | | |
|-----------------|--|------------|------------------------|---|-----|-----------|----|
| Name of Firm | Advanced Design Technology CO., LTD. | | Name of Representative | Tsunaki Takahashi | | | |
| | | | Person in Charge | Hitoshi Suda, Director | | | |
| Activities | Development and Design of LSI and related products | | U R L | http://www.adte.co.jp | | | |
| Main Products | Development and Design of Image processing LSI, Various LSI for communications, etc., IP core, FPGA, Substrate, and Products | | | | | | |
| Address | 1-1-3, Kotobukicho, Fuchu City, Tokyo,193-0803 | | | | | | |
| Tel. Number | 042-354-3460 | | FAX Number | 042-354-3466 | | | |
| Capital (M yen) | 30 | Founded in | July 2000 | Sales (M yen) | 667 | Employees | 52 |

2. PR Items

We serve advanced technology.

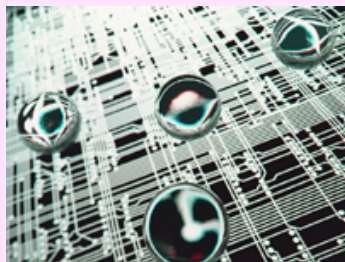

We provide services on various aspects of LSI

We founded our firm to "continue our growth as a corporation of an engineer group constantly making efforts to advance and reward them for their efforts" and "continue to answer the expectation of our customers' with our latest and highest technology".

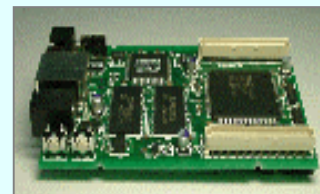

Based on the mobile Internet, the broadband environment, the digital information domestic electric appliance field, and the car electronics field, we will plan, develop, and sell our main system LSI, equipment and system products.

Introduction of our Business

AIMING AT ULTIMATE FABLES CORPORATION

Contract design of LSI and Consultation

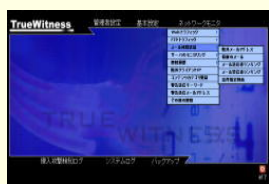

When you intend to downsize your device developed and manufactured as a prototype with high performance by an LSI, please contact us. We can serve you in developing software and hardware, designing and manufacturing a system, and providing education about LSI design as a broad service for our customers.

FPGA and design and manufacturing of board

We can deliver designed and manufactured FPGA and board in the shortest possible term of 3 months. The MIPS type CPU can also be loaded, and the Linux can be preloaded. We can offer out total design service from inspecting the specification.
