

***Production/Technology PR Report No.202*****1. Outline of Firm**

Name of Firm	Yoshida Package CO., LTD.		Name of Representative	Yoshihiro Yoshida			
			Person in Charge	Yoshihiro Yoshida			
Activities	Manufacture and Sales of various packaging materials		U R L	<a href="http://www.yzd-pack.co.jp">http://www.yzd-pack.co.jp</a>			
Main Products	Trays and molds for conveying precision parts by vacuum molding						
Address	5-36-6, Minamikase, Saiwai-ku, Kawasaki City, Kanagawa,212-0055						
Tel. Number	044-588-1621		FAX Number	044-588-7000			
Capital (M yen)	30	Founded in	Nov. 1959	Sales (M yen)	650	Employees	15

**2. PR Items**

*<Yoshida Package is a specialist of manufacturing trays for conveying and storing precision parts>*

*- We can manufacture a wide variety of products in small quantity in a short term at our customers' requests. -*

**Selection of 150 types of general purpose trays**

Without charge for a mold, a necessary number of trays can be purchased.

We will deliver our products in a short term.

(For details of shapes and dimensions, refer to our homepage.)

**We can take your unnecessary trays.**

We promote recycling activities and reduction of environment loads.

**We are a specialist of manufacturing a wide variety of products in small quantity and delivering our products in a short term.**

We have realized a shorter term and lower cost by manufacturing mold in-house.

A mold can be started on the third day from your order as the shortest possible schedule (average term in the industry is 3 weeks).

**The term can be adjusted after starting the mass-manufacture.**

The shortest possible term is the second day from the start (Average term in the industry is 1 week).

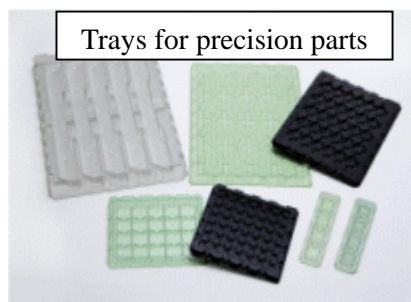

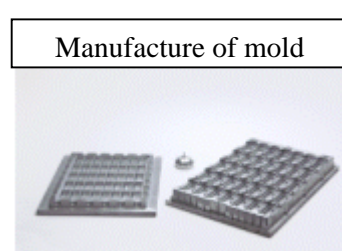

**We research and develop new materials with our material manufacturers.**

**A local corporation is founded in Soochow, China.**

If you consider a prototype to be manufactured in Japan and mass-manufacture to be performed in China, we can satisfy your request by easily start the molding process in China. We can quickly provide you with the products of uniform quality.

**We can solve the difficult problem of the communication between your staff in charge and the Chinese staff in China.**

We can adjust the schedule with the local staffs, and support the details of the meetings to be held by design changes etc. The occurrences of trouble due to insufficient meetings can be considerably suppressed.

### 3. Remarks

- In Sept. 2008, expanded the new machining center for manufacturing a mold.
- In Sept. 2006, acquired certification of ISO14001.
- In July, 2006, acquired certification of ISO9001.
- In Dec. 2002, founded a local corporation SPPC in Soochow, China (factory area of 3,000 m<sup>2</sup>).
